

# SUI and Mimer

## Introduction:

Mimer has been around in the database market for a long time. They excel with a highly standardized database (SQL-Ansi) with a small foot print. The JDBC driver is a part of the installation which makes the installation and setup very easy.

## Mimer SQL-Enterprise 10.0 Connection scenario

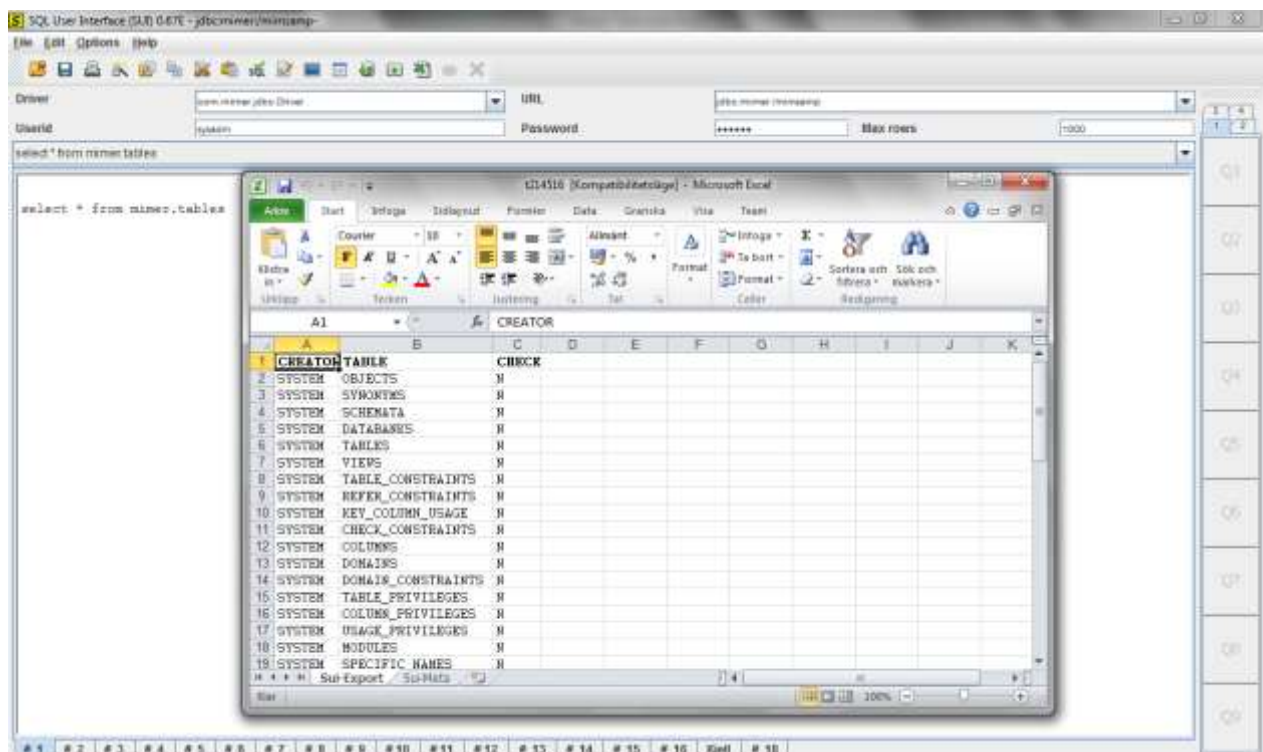

Sui Connected to Mimer SQL 10.0 on a Win 7 Pro , Running Excel 2010 to create the spreadsheet. Installed and running on a Lenovo Thinkpad X201.

Connection details:

Classpath: C:\Program Files\Mimer SQL 10.0\mimjdbc3.jar

JDBC Driver : com.mimer.jdbc.Driver
